National Fluffernutter Day!

fluffernutter

August, 2003

The day this Kentucky journey began...

January, 2010

The smell of fish and cheddar biscuits was in the air...

1. Become Tenured

This is important to me because I would like to have job security. With a solid income, I will be able to provide for my family.

2. Reduce My Debt

By carrying unnecessary debt, I end up paying a lot of money to interest. This money would be better spent on my family.

Personal Mission Statement

“To become the best teacher that I can be so that I may be able to positively impact the lives of my students while maintaining a career that provides for the lives of my own family. I will do this by showing students that I truly care about them, reflecting on what we do in the classroom and working hard to create meaningful lessons.”
